From the Principal’s Desk

**Tao has arrived**

Tao means Peach in another language. It is also the name that Kt, Dutch Rhythm and Meisje have given their new son and brother. A big congratulations to the Anbeek family from the Binjouër School Community. We all look forward to meeting him. Rhythm said “he is so small and spews a lot.”

**From the classroom**

Up up up, build them up. Be careful what you say with small ears around. We are looking at confidence builders and confidence destroyers. Confidence destroyers tell us we can’t do it, confidence builders say we can. The more we hear something or tell ourselves the more we start to believe it.

We are trying to change the way we might say things such as “it’s too hard, I can’t do it” (confidence destroyer) change to It’s hard, I’ll keep trying, I’ll get it” (confidence builder).

Listen to your children at home and see if you can make some changes. We have wonderful students, sometimes they need reminding and building up.

**End of term trip**

We at currently looking at some possibilities for our end of year trip. I made a suggestion that we take the kids to Aussie world for the day. The school would pay for the kids to get in and maybe 1 adult per child. It would be get yourself there. The park itself is a fantastic place for families. It is however a fair drive of 260kms. If you think no way please let us know.

We will be discussing it at the P&C meeting on Wednesday night. Any feedback that could I take to the meeting would be great.

**Sun safety**

Our school has a sun safety policy and students are encouraged to wear a hat, protective clothing and apply sunscreen when they are outside of the classroom. They are also required to wear swim shirts during all water-based activities.

**Quadrennial School Review**

Last week I had a meeting with Mr Jeff Munce (Acting ARD or my boss) he and I went through the Data for the school and discussed our aims and objectives in the future.

The new QSR document is very simple outlining a couple of objectives and measures we can use to make sure we achieve our goals. The document will be completed and presented to the P&C executive next week. This document is a working document that concerns all of our community. Once it is finalised I will send a copy to all our families. **Our primary focus is to improve writing and spelling in our school.**

Cheers Andrew

**Tuckshop**

This weeks tuckshop menu is Hot Dog, ice block and a popper $4. Please send in your order and payment in a sealed envelope by Thursday.

Most human beings have an almost infinite capacity for taking things for granted.

Aldous Huxley

My brother, the local bus driver, was telling me that recently he was driving a bus full of people and no-one got off on the way. However, at the end of the journey, there was not a single person left on the bus. How?
