From the Principal’s Desk

From the classroom

This week the senior group will be working on data analysis, reading and interpreting data from tables and graphs. Some of the students will be creating bar graphs and some will be creating pie graphs. We will also be working on probability and discussing the likelihood of an event occurring. In literacy we are looking at the different parts of a small story, and the makeup of some of the more well-known stories I am sure we have all heard, characters, setting and plot (story line). We are of course continuing on our tables and everyday reading. In science we are looking at the 3 states of matter, solid, liquid and gas and how we can move between the 3 by adding heat or cold. We only have 2 weeks left; our end of term night will be the last Thursday night of the school term. The night will commence at 6pm with a shared dinner. Please bring a plate to share with everyone. Also please encourage your child to learn their poetry, I would like it if they can stand in front of an audience and say their poem without a piece of paper to hide behind.

Gardening update

Mr Adams filled our gardens today with some fresh soil, so now we will start to investigate what plants etc will grow at this time of year and start planting. Gardening is a great life skill and the students really enjoy it.

School times

A gentle reminder to everyone that school starts at 9 am and finishes at 3 pm. We do have a bus getting here earlier and later in the afternoon of course however please be aware that these students should be the first to get here and the last to leave. Once the bus leaves in the afternoon we cannot offer formal supervision for your child. Please make sure they are picked up as close to 3 pm as possible. Thank you.

Cross country

The Mundubbera District cross country carnival will be held on the last day of term in Mundubbera – 4th April 2014. The carnival will be at the school. If you would like your child to compete you will need to get them there for their race. We will be sending a Teacher aide for the day. If your child does not want to complete, then it will be a normal school day here at school. I have not been given all the details as yet, however I will make sure they are in next week’s newsletter. Usually the P-3s are in the morning and the older students are about 11:30 to 1:30. More details to follow.

Student awards

This week’s awards on Parade were for students who have received 40 or more wrist bands for their caring and respectful behaviour to others. Those students were: Travis Larner, Pheobe Thorneycroft, Zachary Baumgart, Riley Duggan, Ryan Baumgart and Zeb Bigg.

Congratulations everyone

Tuckshop

Tuckshop this week will be chicken & gravy roll, chips and a popper. Cost $4. All orders with money must be in by Thursday.

NO ORDERS WILL BE ACCEPTED ON FRIDAY.

**Trivia Answer**

Look at the picture carefully. There is a fly in the wine glass.

What you have to do is move two sticks such that the fly is out of the glass?

---

**Community Notices**

**Gayndah Scout Group**

**Easter Trivial Pursuit**

- **Friday 28th March**
- **Town Hall**

Brain Teaser

How many triangles are there in the diagram?

Quote of the week

A “NO” UTTERED FROM THE DEEPEST CONVICTION IS BETTER THAN A “YES” MERELY UTTERED TO PLEASE, OR WORSE, TO AVOID TROUBLE.
