Classroom Corner
This term in history students will be examining how communities have changed in the past. They describe the experiences of an individual or group. They identify events and aspects of the past that have significance in the present.

Students will sequence events and people (their lifetime) in chronological order, with reference to key dates. They will pose questions about the past and locate information from sources (written, physical, visual, oral) to answer questions. Students develop texts, including narratives, using terms denoting time.

Food Allergy awareness week
This week is Food Allergy Awareness Week. The week is to highlight the seriousness of food allergies and to improve public understanding of this potentially life-threatening medical condition. By increasing awareness, we can encourage respect, promote safety, and improve the quality of life of those affected by food allergies and anaphylaxis. 2016 Theme: "Food Allergies: React with Respect"
A food allergy reaction sends someone to the ER every 3 minutes. Your friends, family and coworkers can experience severe reactions to everyday foods like eggs, milk, shellfish or nuts. Symptoms can include trouble breathing and low blood pressure; the most severe reactions can result in death. We've seen food allergies mocked or made light of in the media and in real life. The goal of Food Allergy Awareness Week is to help inform the public about the serious consequences of food allergy reactions, as well as how to identify symptoms and respond in case of an emergency.

Musicom 2016
On Wednesday the 1st of June the Gayndah Community will be presenting a musical ‘The Three Musketeers’ which is a light hearted comedy. The students will travel back in time to a France ruled by a king who is very pompous and utterly out of touch with reality and his social butterfly of a Queen. The group are putting on a matinee for all the schools in the district at 11am. The play will last for approx. 2 and a half hours with a 20 minute intermission. We will be taking a group of students in for the performance. Stay tuned for permission slips.

Cheers Andrew

Chicken Wraps, packet of chips and a popper
$4:50
**Prep - Year 2 News**

This week in the p-2 class we have continued reading our chapter book “Weird Do”. Everyone is enjoying the book and we look forward to finding out what our characters are going to get up to each chapter. We have been investigating the chapter set up and how each chapter is an episode. Episodes have an introduction, problem and a part solution. Each day we read a different chapter and use our Read to Learn strategies to look at sentence structure, spelling and handwriting. The kids sure love using their highlighters!

In maths we are looking at ordinal numbers and their use in everyday life. We have been using calendars and discussing the sequence of months and days. We have been experimenting with counting on strategies and dividing numbers into house groups.

Homework should still be coming home. Each night your child should have a home reader. Please take the time to read this. Reading is the most important thing we can do to help our children learn.

Next week is Under 8’s day, Tuesday 24th May. This will be held at Gayndah State School and is always a fun morning. Please keep a watch out this week for permission slips in your child’s home work folder.

Here’s to another great week.
Community Notices

Mundubbera Junior Soccer

Game day against Gayndah Saturday the 21st May
Socks and shorts available now from The Spinning Wheel
Coaching parents and assistants are required for training

Mundubbera Blue Light Disco

Quote of the week
Of course I talk to my self.
Sometimes I need expert advice.

Gramma leaves me lots of love notes.
She leaves them on my pillow, in my lunch, on the mirror...I even found one in my pocket.
Well, Son, she just wants you to know she loves you and she's always thinking about you.
And she has way too much free time on her hands.
