Our school strategies are on track to meet or exceed our targets

During 2015, we have focused on maximising the benefits of this funding for our students. After reviewing our Great Results Guarantee agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our strategies to ensure that every student succeeds.

Objectives achieved

- Increased the percentage of students in the U2B in years 3 and 5 for reading and writing.
- Achieved 100% of year 3 and 5 students above the National Minimum standard in writing and reading.
- Individual Learning plans have been developed for all students.

Strategies implemented include:

- Our school provided and continues to provide focused and intensive teaching for students requiring additional support to demonstrate achievement against the year level achievement standards.
- We increased our teachers repertoire of effective strategies for teaching text processing and comprehension across learning areas. (Reading to Learn – Professional Development)
- Reviewing data on a 5 weekly cycle to adjust the curriculum, resources and pedagogy has been implemented in our school routines.
